

Laguna Jointer

8" Wedgebed Jointer

LAGUNA

Features

Oversized table give maximum support for long work pieces

Precision ground cast in and out feed tables feature independent adjustment on dovetail ways

Deep gullets in the head allow chips to exit fast & keep the machining area clear of chips

54 four-sided German carbide helical cutter inserts set into the head on a flat landing surface which allows more torque to be applied when fixing

Inserts are slightly angled to give a shear type cut with low impact and less kick-back action

Inserts leading edge crowned to prevent lines appearing

6 rows of cutters in each head for premium results

Enclosed steel stand

Specifications

Motor: 2HP single phase 10A

Cutter-Head: 5600 RPM

Fence Tilt: 45 Degree, 90° & 45° positive stop

Width of cut: 200mm

Depth of cut: 12.5mm

Rabbeting capacity: 12.5mm

4 Sided carbide inserts 6 Row X 9 = 54

Cutter-Head Diameter: 75mm

Table Dimensions: 228 x 1803mm

Fence Dimensions: 120 X 1009mm

Table height: 800mm

Weight: 231kg

Dust port: 100mm

PRODUCT CODE: LT*JOINTER-8/1W
